Profile

This donor file provides an excellent opportunity to reach a responsive donor-base who has actively demonstrated their willingness to support deserving causes. All names have been recruited by direct mail and have given an average donation of £15.

International Children's Care (ICC) is a Christian organization that aims to relieve children's distress around the world through providing love and care for orphans and abandoned children in some of the world's poorest countries. All children are cared for, taught to look after themselves and lead sustainable lives so that they can care for themselves and their families.

Profiling and data analysis shows that these are very caring individuals who support a number of causes often supporting many charities at the same time. Donors' hobbies include knitting, gardening, puzzles / crosswords and reading

This file will work well for all charity appeals in addition to a range of mail order offers such as health, vitamins, crafts and gardening amongst others.
